CASE STUDY

SECURE MIGRATION TO RELATIVITY FEDRAMP SOLUTION ENHANCES STATE AGENCY'S LITIGATION MANAGEMENT

CHALLENGE

Our client, a state government agency, had 280 active matters in Clearwell and were struggling to manage workspaces and their daily activity in Clearwell. They wanted to move to a new solution that would allow them to manage their projects from end-to-end including projects that need Legal hold. The solution was mandated to be hosted in a FEDRAMP authorized security environment.

SOLUTION

Our team worked closely with this client to create a migration plan that included an initial case transfer test. The success of the initial test migration helped to set up and document a repeatable workflow that would convert the case images and productions, overlay coding and fully mirror the existing Clearwell database. This was then applied to all the migrated cases. A custom Relativity Template was created, and all work was done in a way that this client could also be trained to manage their work independently. The Legal Hold Application was set up in this environment and customized to meet the client's requirements for their Legal hold processes and communications.

RESULTS

Repario Project Management, Data Services, and client worked closely together to create a repeatable customized workflow for this large migration between solutions. There was a fully tailored Train the Trainer approach to all workflows and day to day use of Relativity and Legal Hold. The client expressed high satisfaction with the platform's usability, the thoroughness of the migration planning, and the effective communication maintained by the Repario PM team.

ABOUT REPARIO

Repario is an agile legal services company that synchronizes human intellect and modern technologies to deliver integrated eDiscovery, IaaS, Managed Review and expert Forensic services that transform raw data into actionable intelligence by **collaborating** closely with clients to help achieve their goals.

ENGAGE

Ready to collaborate? We're ready to listen. Get in touch with the Repario team at 833.883.2746, marketing@repariodata.com or repariodata.com.
